

INSIGHTS IN INTEGRATIVE MEDICINE:

Connecting science & clinical practice

9th Annual NIIM Symposium | 12 & 13 September 2024

Join us at the 9th Annual Symposium this September!

Over 2 exciting days, you'll hear from world-renowned thought-leaders, researchers, professors and medical experts from a range of disciplines discussing the latest in Integrative Medicine, what it means for you, your patients and clinical practice. This is strictly a healthcare practitioner-only event and not intended for the general public.

Key Themes

- Fertility & Endometriosis
- Gut-directed hypnotherapy
- Mental Health & Stress Management Tools
- Gastrointestinal Health, the Gut & Oral Microbiome
- Fatigue & Mitochondrial Health
- Fibromyalgia & Medicinal Cannabis
- And more to be announced!

Who should attend?

- GP's, physicians & medical specialists
- Allied & Complementary Healthcare Practitioners
- Dentists & pharmacists
- Nurses & psychologists
- Scientists, Researchers & Healthcare Educators
- Healthcare Students
